MEMORANDUM FOR: Deputy Director (Plans)  
Inspector General

SUBJECT: Inspector General's Survey of the  
Technical Services Staff

*page 1*

1. The recommendations of the Inspector General in subject report, are approved subject to the proposals of the DD/P in paragraph 5 of the memorandum for the Director dated 7 August 1957, Subject: "Inspector General's Survey of the Technical Services Staff", except as follows:

a. Attachment 48 (page 156 I. G.): DD/P should discuss the recommendations with the Director of Training and resubmit a proposal.

b. Attachments 51 and 52 (page 158): These recommendations should not be rejected out of hand but rather adopted to the extent feasible. The Director of Training might be of service here as well as TDY Briefing Teams.

c. Attachment 55 (page 168): Recommendations a and b should be accomplished in any event although the document resulting from "b" might be only a generalized procedural solution.

d. Attachment 65 (page 217): DD/P draft and submit appropriate directive for DCI approval.

e. Attachment 73 (page 266): Keep under examination.

f. Attachment 80 (page 282): Defer for time being.

g. Attachment 82 (page 287): Should be re-examined by DD/P. The fact that complaints or suggestions automatically received does not necessarily mean system is perfect.

✓ h. Attachment 83 (page 287): DD/P re-examine. The availability of a mechanism is not the only thing in question here. It is also the use to which mechanism is put.

✓ i. Attachment 84 (page 289): Continue study.

✓ j. Attachments 86 and 87 (page 294): Continue study.

✓ k. Several attachments are answered only to the extent that "TSS not responsible -- Area Divisions are". DD/P should ensure follow up action on these with Area Divisions concerned.
